New Orleans, LA 70160

Dear Mr. Klyza:

In the last correspondence received from you (dated August 25, 2006). In the letter, it was demanded that I no longer make any attempts at contacting Phyllis Peoples, Terrebonne General Medical Center (TGMC), their employees, et al. The purpose for this letter is to know if I am allowed to be on the TGMC grounds. The reason for this request is in the case a family member or friend would be hospitalized at TGMC and I would wish to visit them. Therefore, I would like to know if I am allowed on the property.

Sincerely,

Nicholas P. Hillebran
