Dear Ms. Peoples:

I have received your response dated June 15, 2006. I must say that I am very disappointed in your nonchalant and insincere attitude towards the matters I brought to your attention. However, by looking back at how easily TGMC terminated my employment and embraced false accusations about me without confirming them, I must say that your attitude matches TGMC's past actions.

Since you did not respond directly to any of my concerns, I can only assume that you condone the behaviors mentioned in my previous letter.

I have contacted the individuals at the "Employer of Choice" program. In addition, I have contacted Mr. John Warner Smith, Louisiana Secretary of Labor. I feel that it is imperative the previously mentioned individuals know of the heinous actions of TGMC. I have posted this matter on the Internet on RipOffReport.com. You can view the report at:

<http://www.ripoffreport.com/reports/ripoff205255.htm>

I have mentioned two lawsuits against TGMC that involve conspiracy and TGMC infecting a patient with Hepatitis C. I will continue to post these matters on the Internet and warn as many as I can of TGMC's unscrupulous acts.

The reason I have contacted such individuals as well as posted this matter is that you have decided to be so evasive in your response and seem to act as if you could care less about the underdogs that work there. Therefore, I will do everything I can legally do to warn the public about the truth of TGMC.

Regards,

Nicholas P. Hillebran
